There has not fellen so much rain in any one season since '81 as has this and the precipitation has been general and unusually heavy. The ranges in this section are unusually fine and the rains we are now having will have the effect of strengthening the grass roots, causing them to take deeper and strenger held in the earth thereby promising a good crop next year.

A dispatch from Hogerstown Maryland, says: "Much interest has been excited among the fermers by the proposition made at the Democratic meeting held at Mt. Phasan, Frederick county, a few days ago by James H. Gambrill, a wealthy grain dealer of Frederick City, who agreed to buy 500,000 bushels of wheat and guarantred to may \$1.29 per bushed therefor in the event of Bryan's election and the passage of a tree coinage bill.
